Information regarding which countries are under sanctions may be obtained on the U.S. Department of the Treasury website. Electronic statements ("e-Statements") and other types of communications are available in PDF format only. You will need a program that accurately reads and displays PDF files such as Adobe® Reader®. To print e-Statements or other Communications found within Digital Banking, you must have a printer connected to your computer. When choosing to download any of this information, you must have sufficient hard-drive space. You accept responsibility for the secure storage of the digital file.

- 5. Security and Confidentiality of Financial Information.** The Digital Banking Service requires a computer or approved mobile device and internet access connected through an internet or mobile service provider with a Web Browser. To protect your financial information, you must connect to Digital Banking using an Internet browser that supports a minimum Transport Layer Security ("TLS") of 1.2 and 256-bit encryption. Use of the Digital Banking Service with lower than TLS 1.2 is strictly prohibited. To the extent that you are able to access the Digital Banking Service using lower than TLS 1.2, we specifically disclaim any and all responsibility for losses resulting from your use of such inadequate encryption.

You should always sign off after every online session. Sessions will automatically end after ten (10) minutes of inactivity for security protection. We cannot ensure the security of public computers (e.g., in a library or school); therefore, we recommend that you refrain from accessing the Digital Banking Service on a public computer.

It is your responsibility to protect yourself and to be vigilant against email fraud and other internet frauds and schemes (including, without limitation, fraud commonly referred to as "phishing" or "pharming"). The Bank will never contact you by email to ask for or verify Account numbers, Security Tokens, or any sensitive or confidential information. Should you receive an email or other electronic communication that you believe is fraudulent, you agree to not respond to the email, provide any information to the email sender, click on any links in the email, or otherwise comply with any instructions in the email. To the extent allowed by law, you agree that the Bank is not responsible for any losses, injuries, or harm incurred by you due to any electronic, email, or internet fraud.

American Bank nor our Service Providers will contact you via telephone or email requesting personal information, your Access ID, or Passcode. If anyone requests this information, please contact us immediately at (985) 898-0206. Visit our Education Center page on our website at <https://www.americanbankusa.com/education-center> for educational information.

- 6. Service Availability.** The Digital Banking Service is generally accessible 24 hours a day, seven days a week. It may be inaccessible for a reasonable period from time to time for system maintenance, internet connectivity, actions or inactions of third parties, emergencies, or other factors beyond our control. The Bank cannot guarantee that such events will not occur. We are not liable under this Agreement or any other agreement for failure to provide access.
- 7. Access Levels.** The Bank has different access levels offered in the Digital Banking Service. If you are a Joint Owner on a Consumer Account or an Authorized Signer, you are either given Basic access or Basic Plus Payments access.

A non-signer may be granted access to an Account when the Account Owner(s) completes the Digital Banking User Authorization Form ("Form"). A consumer account only requires the signature of one account owner.

Accounts opened as a two-signature required account for withdraw or transfer funds may have access to the Digital Banking Service. You release the Bank from liability for any action taken on an Account by anyone authorized to act as a signer on the Account even though the person's authority to act on the Account by other means must be exercised jointly with one or more other persons. The Bank may act on the verbal, written, or electronic direction of any one person authorized.

8. Access ID and Passcode Requirements. We set requirements for your Access ID and Passcode to access the Digital Banking Service for your protection. Each Authorized Person using the Digital Banking Service is required to have his/her own Access ID and Passcode.

a. Access ID Requirements:

- i. Must be between 5-20 characters.
- ii. May include alpha, numeric, or special characters.
- iii. It cannot be the same as your Tax ID#/ SSN# or account number with American Bank.
- iv. Access IDs are case-sensitive.

b. Passcode Requirements:

- i. Must be at least eight (8) characters long.
- ii. Must contain at least 1 numeric, 1 alpha, and 1 special character.
- iii. It cannot be the same as your Access ID.
- iv. Passcodes are case-sensitive.

At any time, we may change Passcode requirements without prior notice. If we do so, you will be required to change your Passcode the next time you sign on to the Digital Banking Service. You agree to protect and keep confidential your Account number, debit card number, Personal Identification Number (PIN), Access ID, Passcode, Security Questions, Answers, or other means of accessing your Accounts through the Digital Banking Service (collectively referred to as Confidential Information). Doing so prevents unauthorized access to your Accounts and prevents unauthorized use of the Digital Banking Service. If you disclose your Confidential Information or give access to a person(s) or entity, including any data aggregation service providers, to use the Digital Banking Service, you assume all risks and losses associated with such disclosure. You understand and agree that we may restrict and/or terminate access to the Digital Banking Service if we cannot reach you to confirm the validity of any sign-on into the Digital Banking Service.

The use of Credentials will authenticate the identity of the person attempting to gain access to the Digital Banking Service. We may be required to change your Access ID and/or may require you to change your Passcode and/or Security Questions from time to time for security reasons. We recommend you memorize your Credentials to prevent unauthorized use of the Digital Banking Service. Any person(s) or entity having access to your Credentials will be able to access the Digital Banking Service and perform all transactions, including reviewing Account information and potentially making Transfers to other Accounts and other persons.

You agree to change or modify Passcode and security questions if instructed by the Bank to ensure information security. If you believe your Credentials have been stolen, compromised, or otherwise become known to persons other than you or if you believe that any transaction or activity is unauthorized or in error, please notify us immediately. We may issue you new Credentials as soon as reasonably practicable in any actual or threatened security breach. Still, we shall not be liable to you or any third party for any delay in taking such actions. You agree to indemnify, defend all claims, and hold the Bank harmless from any loss, damages, or expenses, including but not limited to attorney's fees, caused by you, your employees', or agents' failure to keep Credentials confidential and secure.

We reserve the right to limit, suspend, and deny your access to one or more Account(s) or any part of the Digital Banking Service, or deny transactions if we reasonably believe your Credentials have been obtained or are in use by an unauthorized person or entity. We may try to notify you in advance but cannot guarantee we will do so.

9. Internal Transfers. Internal Transfers allows you to electronically transfer funds between American Bank accounts assigned to your Access ID. You are fully obligated to provide sufficient funds for any payments or transfers you authorize. If you schedule a Transfer for a future date, the transaction will process after the close of business on that date if that day is a Business Day.

10. Stop Payments. The stop payment feature within the Service is only for stopping payments on checks that you have written or for stopping pre-authorized electronic drafts that are deducted from your account. This feature is accessible in the "User Services" menu of the Online Banking Service and provides a means to securely forward your stop payment requests to us for processing. There is typically a stop payment fee associated with this feature. Please refer to our fee schedule for additional information. Additional terms of acceptance or disclosures may apply on the stop payment service and these disclosures will be made at the

time you complete the request. Additional information on stop payments is available within the Service. Stop payment requests received through the Service will generally be processed within one (1) to two (2) Business Days. Therefore, if your request is urgent, we recommend that you contact our Online Banking Department directly via telephone or in person.

11. Bill Pay. Bill Pay is for scheduling payments directly to utility companies, merchants, financial institutions, insurance companies, individuals, etc., within the United States. The Bill Pay Service is accessible twenty-four (24) hours a day, seven (7) days a week for scheduling payments; however, the Bank only processes payments on Business Days.

Note: The name and address displayed on your Bill Pay items are solely dependent on how you have enrolled for Digital Banking. For example, if you enroll under your business but have a personal Account listed within the same Access ID, all bill payments, regardless of which Account it is for, will reflect the business name and address. Bill Payment access is limited to consumer access and sole proprietorships.

a. Requirements for Enrolling in Bill Pay:

- i. Account must be in good standing.
- ii. You must be 18 years of age or older.
- iii. You must be a resident of the United States or its possessions.
- iv. You must have a desktop or mobile device and Internet Browser that will support 256-bit encryption.
- v. You must have an eligible checking Account to use as your Bill Pay Account and Billing Account.

b. Description of Service:

- i. **Payee Information.** You must provide sufficient and accurate information in the Digital Banking Service to correctly identify your Payee(s), direct your payment, and allow the Payee to identify you as the payment source upon receipt of payment. You must provide accurate information to include, but not be limited to, Payee Name, Payee Mailing Address, Telephone Number, and Account Number.
 - ii. **Scheduled Payment Date.** We anticipate most transactions to be delivered by the Scheduled Payment Date. Due to circumstances beyond our control, such as delays in handling or posting payments by companies or other financial institutions, some transactions may take longer to be credited to your Payee from your Billing Account. Selecting a Scheduled Payment Date in advance of your obligation's actual due date is advised to ensure that your payment arrives on or before your due date and not after. Scheduled Payment Dates must be at least five (5) Business Days ahead of your actual due date to ensure timely delivery for items sent via Corporate Check and Laser Draft.
 - iii. **eBill.** An electronic version of a bill. It usually omits the paper bill. Not all companies participate in offering bill presentment through this method.
 - iv. **Prohibited Transactions.** You agree that any Payment for taxes, court-ordered payments, government payments, payments to loan sharks, gambling, debts, and payments outside of the United States are prohibited. You agree that you will not attempt to use the Bill Pay Service to make these types of payments.
 - v. **Changes on Account.** It is your responsibility to notify the Bank immediately of name changes and/or address changes on Accounts as this information appears on Electronic, Corporate Check, and Laser Drafts via Bill Pay.
 - vi. **Payee Changes.** It is your responsibility to maintain and update any Payee information including, but not limited to address, Account number, etc. The Bank will not be responsible for any items returned as a result of incorrect information.
 - vii. **Bill Pay Fees.** There is no fee for initiating or deleting a standard payment through Bill Pay. If you require a payment to be expedited, a rush delivery option is available for a small fee. Fees also apply for a stop payment on a Bill Payment check.
 - viii. **Non-Sufficient Funds.** If sufficient funds are not available in your designated Account when the Electronic, Corporate Check, or Laser Draft (collectively "Item") is presented for payment, we may refuse to honor the Item and return it unpaid. At our sole discretion, we may elect to pay the Item regardless of the insufficient funds. In either event, your qualified designated Account will be charged the current fee for processing insufficient items, whether the Item is paid or returned, as applicable. Items returned unpaid maybe represented (posted to your account again) under Regulation CC or NACHA rules, which could result in multiple fees (see fee schedule) for the same item, if there are not sufficient funds in your account to pay the item upon those subsequent attempts to collect payment. You are responsible for any losses or penalties that may incur due to a lack of sufficient funds or other conditions that may prevent the withdrawal of funds from your Account.
 - i. **Termination of Service.** Access to our Service may be canceled in whole or part without prior notice due to insufficient funds in one of your accounts or other circumstances that may create an unanticipated liability to us. If your account(s) is closed or restricted for any reason, or if there has not been any Bill Payment activity for a period of 90 consecutive days, accessibility will automatically terminate.
- c. Bill Pay Processing Payment Methods.** Processed means that the approved payment instructions have been received from the Bank and are now ready to pay the Subscriber's bill in one of three ways.
- i. **Electronic.** The funds for the payment are electronically sent via ACH to the Payee. Funds are debited from the Account on the Payment Due Date specified in the payment instruction.
 - ii. **Corporate Check.** The funds for the payment are electronically removed from the Bill Pay Account on the Scheduled

Payment Date, and a check is generated and mailed to the Payee. The check is printed with the Subscriber's name, address, Scheduled Payment Date, and payment amount. The date on the check is the Scheduled Payment Date, which is the date the payment begins processing for remittance to the Payee, and the funds are debited from the Bill Pay Account. The check numbers are eight digits in length. The check is void after 90 days.

- iii. **Laser Draft.** A check is generated and mailed to the Payee; the funds are not removed from the Account until the Payee actually negotiates the check. These checks are encoded with the routing and Account number tied in Bill Pay. The check is printed with the Subscriber's name, address, Account number, Scheduled Payment Date, and payment amount. The check number is usually 4-6 digits in length. The check is printed with "Signature on File" in place of the Subscriber's signature. The following statement is printed in the lower right-hand portion of the check: "Void after 180 days."

The Payment Method for a Payee is subject to change at any time and is determined by the Vendor. Processing dates are determined by the days that the Federal Reserve is open for business and is processing transactions either paper or electronic. If the process date falls on a weekend or a holiday, the payment is processed on the business day before the weekend date or holiday. If it is a direct debit, the payment is processed on the same or next business day. The Bank does not make the determination nor do we have control of how bill payments are processed.

- d. **Bill Pay Authorization.** By providing us with names and Account information of Payees to whom you wish to send payments, you authorize us to follow your payment instructions. Our receipt of your bill payment instructions authorizes us to allow funds to arrive at the designated Payee's locations as near as reasonably possible to the Scheduled Payment Date designated by you. You authorize us to issue a check drawn on your qualified designated checking Account for the requested amount. You also authorize us to credit your Bill Pay Account for payments returned to us by the United States Postal Service or any Payee, or for payments remitted to you on behalf of another Authorized Person. We shall use reasonable efforts to timely and adequately make all of your payments. The Bank is not liable for any service fees or late charges levied against you due to postal delays or processing delays by the Payee. We reserve the right to determine eligibility for certain types of Accounts and change such eligibility from time to time. We also reserve the right to restrict or remove access at any time. If we complete a payment or transfer that you make or authorize and we subsequently learn that you have insufficient funds for the transaction, you agree that we may reverse the transaction or offset the shortage with funds from any other deposit Account(s) you have with us to the extent permissible by the applicable law and the terms of any other relevant agreements. If there are insufficient funds in your Account to make a Transfer or Payment, we may refuse to make the Transfer or Payment or we may make the Transfer or Payment and overdraw your Account. In either event, you are responsible for any non-sufficient funds ("NSF") charges that may apply. If you do not notify us of any changes, you will be fully responsible for all late fees, finance charges or other actions taken by the Payee. If you schedule a payment and follow all instructions provided, and the payment is not received by the Payee in a timely manner, we will work with the Payee on your behalf to reverse late fees or charges.
